SAN RUFO HOMES Announced as a Winner for the 2018 Avid Benchmark Winner- Custom Homes Division in Alberta

San Rufo Homes has been named a winner for the 15th Annual Avid Awards Benchmark award, honoring the top builders providing extraordinary customer experiences. The Avid Awards are regarded as a trusted benchmark of customer service performance in the homebuilding industry.

“The winners of the 15th Annual Avid Awards represent a list of builders that have all excelled in setting the bar for homebuilding and for customer service in Canada,” said Tim Bailey, division president of Avid Ratings Canada.

The Annual Avid Awards ® is the premier awards program in North America recognizing builders that are providing exceptional customer service. Only customers whom have built a home are able to vote after a full screening process, making this such a special award. Being recognized by Avid Ratings ®, from customers, is a huge honour for the winners.

“San Rufo Homes considers their customers as part of their extended family. Therefore, every customer’s experience from the first time in one of our show homes through possession and the warranty is of the utmost importance to us” said Jo Bendera, Sales and Marketing Manager for San Rufo Homes.
